

FLEXCO BELT CONVEYOR PRODUCTS (BCP) TRAINING SCHOOLS

Our training school is unlike anything you've seen before. Join us for 2½ days of highly-interactive training, where we invite students to follow along on iPads during classroom learning before jumping onto specialized training rigs to gain hands-on BCP installation experience. Our experienced trainers incorporate decades of heavy-duty field experience into the school, facilitating hands-on activities that are focused on real-world challenges, solutions, and results.

AT THE 2½ DAY TRAINING, YOU WILL:

- Dive into challenging **real life applications** led by Flexco's experienced heavy-duty experts
- Get **hands-on experience** with Flexco products using installation rigs specifically designed to mimic real world conditions
- Optimize the safety and efficiency of your operation by performing **key maintenance and service activities**
- Experience a **stimulating learning environment**, led by facilitators eager to learn more about your particular challenges and successes
- Bring **your own on-site photos, videos, and stories to be analyzed** by an experienced team of Flexco experts and discussed during training

Check out our training agenda below and sign up today!
